

Smart home made easy

Our iAppliances app is clear, intuitive, and simple. No matter if you are a beginner or an experienced user, it makes your smart home truly smart. Connect, control, automate, and monitor all your smart devices in one single app.

Smart Kettle
MW780K

- Seamless digital display
- Remotely control and monitor
- Control with app or voice
- Timer and scheduling

\$89

Smart Robot Vacuum
MW790V

- LiDAR sensor
- Intelligent power control
- Remotely control and monitor
- Smart mapping and spot cleaning

\$599

Smart Siren
MW800S

- Timer and scheduling
- 24 / 7 remote monitoring
- Temperature and humidity sensor
- Smart automation with home security system

\$42

Zigbee + BLE Gateway
MW802Z

- Bluetooth mesh (SIG) and Zigbee communication ensures stable control of up to 50 devices
- Enhanced safety and convenience through smart home automation

\$48

Wireless Smart Gateway
MW803Z

- Zigbee communication ensures stable control of up to 50 devices
- Simplifying Zigbee pairing processes
- Connects compatible Zigbee devices
- Intelligently searches for Zigbee devices

\$60

Zigbee & HomeKit Gateway
MW806Z

- Connects up to 50 devices
- Control lights with App or Voice
- Zigbee 3.0 Protocol
- Works with Apple Homekit

\$78

Multimode Gateway + IR
MW807Z

- Bluetooth mesh (SIG) and Zigbee communication ensures stable control of up to 50 devices
- Enhanced safety and convenience through smart home automation
- Remotely control IR devices anytime, anywhere

\$70

Door and Window Sensor
MW810D

- Reliably detects open doors and windows
- Triggers alarm signal
- Protection against burglary
- Added home security through smart automation

\$26

Door and Window Sensor
MW812D

- Reliably detects open doors and windows
- Triggers alarm signal
- Protection against burglary
- Added home security through smart automation
- A zigbee hub is required

\$28

Rain Sensor
MW815R

- Reliably detects rain and closes smart zip track system through automation
- Sound the alarm in case of rain through automation
- A zigbee hub is required

\$48

Universal IR Remote Control
MW820i

- Easy to use
- Temperature and humidity sensor
- Remotely control IR devices anytime, anywhere
- Supports more than 50,000 IR control devices

\$34

IR + RF Remote Control
MW821i

- Easy to use
- Supports RF (433MHz+315MHz) controlled devices such as curtain / shades motor, fans and light switch
- Supports more than 50,000 IR control devices

\$38

Universal IR Remote Control
MW822i

- Easy to use, a USB-powered portable device that can be carried anywhere.
- Control IR devices anytime and anywhere, turning basic household devices into smart devices, making life smarter and more convenient.

\$34

Temperature & Humidity Sensor
MW823T

- Real time monitoring
- Historical data and statistics
- Automatic scene linkage

\$34

PIR Motion Sensor
MW830M

- Intelligent and reliable motion detection
- Triggers alarm signal
- Automatic light control
- Added home safety through smart automation

\$34

PIR Motion Detector
MW831M

- Intelligent and reliable motion detection
- Triggers alarm signal
- Automatic light control
- Added home safety through smart automation
- A zigbee hub is required

\$36

Smart Presence Sensor
MW833P

- Accurate detection of motion and human presence
- Adjustable sensitivity
- Non-intrusive technology

\$129

Smart Socket
MW840S

- Automate your appliances
- Remotely control and monitor
- Control with app or voice
- Timer and scheduling
- Energy consumption monitoring

\$26

Gas Detector
MW850G

- Alert reminder
- 85dB alarm sound
- Natural gas and LPG detection
- Safety automation with smart kitchen series

\$78

Smoke Detector
MW860S

- Alert reminder
- 85dB alarm sound
- Photoelectric technology
- 10 years battery lifespan

\$58

Smart Camera
MW880C

- HD video with night vision
- Two-way communication
- Quickly deter unwanted guests
- Respond to visitors, from anywhere

\$88

Smart Outdoor Camera
MW881C

- IP65 weatherproof
- White light color night vision
- Two-way audio (half duplex)
- Starlight full-color night vision

\$88

Smart Baby Camera
MW882C

- Night light & music
- Multiple color options
- Support WebRTC / ONVIF
- Temperature & humidity detection

\$88

Smart LED Light Strip
MW890L

- Customize your lighting
- Multiple scene options
- Low energy consumption
- Smart automation with music / TV

\$58

Smart Bulb
MW891B

- Control with app or voice
- Easily dimmable
- Smart automation with sensors
- Personalised experience with colourful smart light

\$16

Video Doorbell
MW900D

- HD video with night vision
- Two-way communication
- Motion alerts with video previews
- Smart automation with lightings and alarms

\$138

16" Smart Stand / Wall Fan
MW910F / MW920F

- Easy setup
- Remotely control
- Control with app or voice
- Timer and scheduling

\$69

SOS Button
MW911S

- Zigbee buttons for easy setup and communication
- Small, portable for pocket or keychain
- Single-button press for quick alerts
- Aids the elderly and those with medical needs

\$32

Dimmer Switch
MW785Z

- Timer, scheduling and automation to toggle on / off using iAppliances app
- Stepless touch dimming makes the brightness adjustment easy and smooth
- A zigbee hub is required

\$70

Touch Series

- Timer and scheduling
- Works with lights / gates / fans / curtains & blinds
- Rocker button (R series) / Touch panel (T series)

\$50/\$55/\$60

Rocker Series

- Timer and scheduling
- Works with lights / gates / fans / curtains & blinds
- Rocker button (R series) / Touch panel (T series)

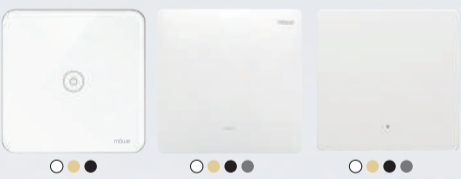

\$50/\$55/\$60

Rocker Pro Series

- Timer and scheduling
- Works with lights / gates / fans / curtains & blinds
- Rocker button (R series) / Touch panel (T series)
- A zigbee hub is required

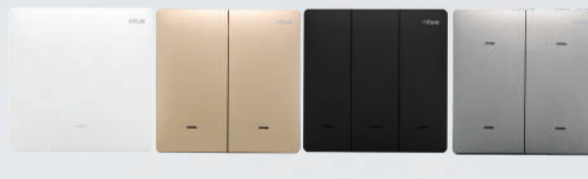

\$60/\$65/\$70

Water Heater (T/R 30A)

- Surge and circuit protection
- High-powered loading up to 30A
- Rocker button (R series) / Touch panel (T series)

\$65/\$65/\$75

Scene Switch (1/2/3/4 Gang)

- Low power consumption
- Fix it anywhere, no tools required
- Creates up to 12 different scenes
- A zigbee hub is required

\$34/\$36/\$38/\$40

4" Smart Panel
MW40B

- Integration with both smart camera and video doorbell for real-time monitoring
- Serves as a Zigbee hub that is widely compatible with lights, curtains, air conditioners, and all other smart home devices for central control

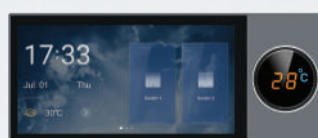

\$250

4" Smart Panel
MW40C

- Integration with both smart camera and video doorbell for real-time monitoring
- Serves as a Zigbee hub that is widely compatible with lights, curtains, air conditioners, and all other smart home devices for central control
- Can be physically connected to two lighting points

\$300

6" Smart Panel
MW60A

- Integration with both smart camera and video doorbell for real-time monitoring
- Serves as a Zigbee hub that is widely compatible with lights, curtains, air conditioners, and all other smart home devices for central control
- Can be physically connected to two lighting points

\$600

10.1" Smart Panel
MW100A

- Integration with both smart camera and video doorbell for real-time monitoring
- Serves as a Zigbee hub that is widely compatible with lights, curtains, air conditioners, and all other smart home devices for central control
- Can be physically connected to two lighting points

\$750
